

DigiWorkz

Asia-Pac Broadcast Training Centre

2010 COURSES

Broadcast Fundamentals

25-26 Feb 2010 (Thu-Fri)

This course covers the fundamental broadcast system elements and television engineering principles to establish a proper awareness of the equipment used in the professional television industry. While this course is designed for new staff with little or no experience, this two-day programme also serves as a useful revision for seasoned staff.

Normal Fee: S\$1,284 (inc 7% GST)

HDTV Technology

18-19 March 2010 (Thu-Fri)

This course is specially designed for Senior Technical Executives, Technical & Operational staff, Broadcast Engineers and Systems Integrators who wish to understand the basic concepts of Digital TV operations, engineering and maintenance.

At the end of the course, participants will acquire a strong fundamental knowledge of HDTV system application.

Normal Fee: S\$1,284 (inc 7% GST)

2010 Promotion

Promo Price for the above dates: S\$1,025 (inc 7% GST)

For more information and registration, you can download the form at:

www.digiworkz.org

Please note that we need a minimum of six participants for each class to commence; all registered participants will be informed of the status of the course two weeks prior to commencement dates.
